

## TO HOLD DEBATE ON AMENDMENTS

Public Meeting Is Called  
Under Auspices of the  
Junior Chamber

City Attorney Frank Duncan will speak for the proposed amendments to the city charter at a public forum meeting to be held in the municipal auditorium Thursday night and John Rogers, attorney, will speak against them. The meeting has been arranged for by the Junior Chamber of Commerce, through W. L. Bagleton, Jr., and his committee members. General discussion will follow the debate.

Announcement of the meeting was made at the regular weekly luncheon Tuesday noon. C. B. Peterson, president of the Junior Chamber of Commerce, the speaker for the day, warmly praised the Junior organization for its outstanding accomplishments during the past year and its administration of E. Fred Johnson, head of the Arkansas team. All members of the chamber will be assigned to one of these teams. Dr. C. H. Hurdison, chairman of the membership committee, announced that the campaign will be climaxed by a smoker.

M. J. Shibley and Paul R. Mills were named by President Jones to represent the Junior Chamber of Commerce at the meeting of the business men in the high school auditorium Wednesday night.

## Boy Hurt When Struck By Auto, Sues Driver

A \$50,000 damage suit was filed by William B. McCarroll, Jr., 12-year-old son of William B. McCarroll, Tuesday in district court, naming C. C. Barnes, as defendant. It is alleged in the petition that young McCarroll was seriously injured January 15, when a car driven by Barnes ran into him at Fourth and Frisco. The boy was riding a bicycle and it is claimed that Barnes was driving recklessly and violating city ordinances. Young McCarroll suffered concussion of the brain and will be disabled for life, it is claimed. He asks \$50,000 for his injuries, \$575 for doctor's bills and \$10 for the loss of his bicycle.

## Society

CONTINUED FROM PRECEDING PAGE  
Miss Mary Delaney of Dallas arrives Wednesday to visit her sister, Mrs. Daniel Eugene Kirby and Mrs. C. Joseph Haskell.

## HERE TO STUDY T. U.

Missionary College Across the Pacific May Feel the Influence of the Curriculum of Local School.

A missionary college across the Pacific in China may feel the influence in its curriculum and administration of the University of Tulsa, for Dr. H. L. Hargrove, faculty member of a Baptist college in the interior of China and now on the latter stretch of a two-year furlough in America, is studying the operation of the local university. Throughout his furlough he has made it a point to inspect carefully to adapting the best in their plans to the college in China. While in the city he is visiting friends, among them H. G. Harrow, university bursar.

Doctor Hargrove has taught in China for 10 years, the first half of the period in government schools. English is the subject in which he instructs ambitious Chinese students, but he says that the Chinese curriculum does not duplicate that of a similar American institution, especially in the matter of emphasis on hygiene study. Knowledge of hygienic principles is very important to the Chinese who, Doctor Hargrove admits, are not so generally acquainted with the science of either personal hygiene or general sanitation. The difficulty in China is not to get people to enter college, but to find room for them.

There are as many as five cubes in a litter.

he stated Tuesday, and the colleges with which he is connected realize that through new dormitory facilities gained through the Baptist \$75,000,000 fund it will be able to add 200 names to the same number now on the rolls.

Doctor Hargrove is making his home at Waco, Texas, where his two daughters are in high school and in Baylor college. He was for 19 years an instructor in Baylor college and has a Ph. D. degree from Yale university and has studied in Europe.

**"After that," said the man,  
"It's not the mule's fault"**

Blame for injury depends on how much chance the victim had to make himself safe.

"The first time a mule kicks me," said a wise man, "it's the mule's fault. If it happens again, it's my fault."

A good many people are staying within kicking distance of tea or coffee, who have had a chance to know better.

They have learned that tea or coffee at night keeps them awake. They know it whips up the nerves. They know what medical opinion has so often said about the effect of the drug element in tea and coffee upon the nervous system—and how indigestion, headaches, high blood pressure and various ills so often follow the use of tea or coffee.

Knowing this, they fail to keep out of the way. Where does the blame belong, then, when the final break-down comes?

There's safety in Postum, and charm, too. Postum has a full, rich flavor much like that of the better grades of coffee, and it is free from any harmful element whatsoever.

Whether or not you've had your warning from tea or coffee, why not step over on the safe side? Why not do what so many others have done—try Postum for ten days, learn how delightful and satisfying it is—and learn how much improvement there can be for you?

You can get Postum wherever good food and drink are sold or served, and it only takes a word from you to your grocer or restaurant waiter, to make this move to the safe side, at once.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.
